

# Download the Mobile Apps

Your Courseware subscription allows you to download mobile versions of Visible Body's most popular apps to use as references. Follow these six easy steps to install them on your mobile device.

## How to download the mobile version of Visible Body Suite

1. Log in to Courseware at [courseware.visiblebody.com](https://courseware.visiblebody.com). If you signed up for your account with Google, you will need to create a password to sign in to your mobile apps. You can create a password from the Courseware Reset Password page [here](#).
2. Select "My Apps" from the menu on the left.
3. Next to the Visible Body Suite launch button, select the "Get Mobile App" button.

4. Email yourself the link to your phone or tablet.
5. Depending on the device you're using, download the iOS or Android App.

*Note:* The screen below will be updated to substitute the name "Visible Body Suite" for "Human Anatomy Atlas 2023+". Don't worry, the mobile app you'll download this way will be the latest version!

**Here's the link to install Human Anatomy Atlas 2023 + from the App Store or Google Play.**

Be sure to have your username and password ready!  
You'll need it to activate the app after installation.

6. Sign in with your **Courseware** credentials and get started. [Read this article](#) for more about Visible Body Suite.

## How to download Legacy Apps

1. Log in to Courseware at [courseware.visiblebody.com](https://courseware.visiblebody.com).
2. Select “My Apps” from the menu on the left.
3. Write down the activation credentials (username and password boxed below) listed in the “Legacy Mobile Apps” section. You’ll need these to download your apps.

## Legacy Mobile Apps

Human Anatomy Atlas 2023+ is the recommended mobile app for Courseware users! It contains the majority of Visible Body's mobile content and will continue to receive updates as we add content from our other apps. While that process happens, these legacy mobile apps will remain available for you to download and activate.

Ready to download some mobile apps to your phone or tablet? They're included with your access.

Steps to install the mobile apps on one mobile device:

1. Click the "share" link next to the app(s) listed below to email the download link to your iPhone/iPad or Android device.
2. Enter your email address and click send.
3. Open this email from your mobile device.
4. Click the install link in the email to install the app.
5. When prompted for a username and password, enter the username and password provided on this page.

You can only use the username and password once to install the mobile version of each Visible Body app on one iPad/iPhone or Android device.

**To activate, use the following credentials:**

Username: VBUser  
Password: A4R0728668M3

4. Select the appropriate share link for App Store or Google Play, and input your email address. Then hit send.
5. Open the share email from the device where you would like to install the app. Click on the link (shown circled in the image below) and follow the steps given in the App Store or Google Play Store.

6. Have your username and password from the Legacy Mobile Apps page handy.

## More about your mobile downloads

- You may only install each Visible Body Legacy app on one device, one time. With your Courseware subscription, you can download Visible Body Suite onto multiple

devices.

- Check the [system requirements](#) to make sure you can use the apps on your device.
- Each student subscription to Courseware includes access to
  1. The course assignments, quizzes, and grades for the courses in which the student is enrolled.
  2. Key web-based reference apps that Visible Body produces.
  3. Mobile downloads that students can load on their iOS or Android devices.
    - If you have an Atlas 2021 subscription through Courseware:
      - You also now have mobile download access to [Visible Body Suite](#). You'll need to use your Courseware credentials to [download and login](#) to this cross-platform version of the app.
      - Atlas 2021 mobile app is still available to you for as long as you have an active Courseware subscription.
    - P&P is available for as long as you have an active Courseware subscription, either one year or two years, and will include all updates until the end of the subscription.
    - A&P and Muscle Premium will not update, and can be accessed indefinitely/forever/as long as they work on your mobile device.

The Courseware assignments, quizzes, grades, and web apps are accessible for as long as the student subscription is active. The mobile downloads will have the same expiration date as the student subscription. Students can renew their subscription to continue to use the mobile apps as reference. Students should install the apps and activate them while their student subscription is active.
